TTM status update Q2 2008-Q4 2008

TTM Grid status last 6 months

TTM status update Q2 2008-Q4 2008

- Revamp installation procedure and instructions
 - clear requirements for antenna kit users
 - support for controllers other than just (S)ATA
- Start upgrading boxes in the field
 - reduce maintenance overhead
 - ease development of new features, not staying behind
 - use automatic in-the-field mechanism as much as possible
 - Tentative, first run Q4 2008 - Q2 2009 ?
